

PRACTICAL-5

:- Registration Form with Frontend Validation and User-Friendly Error Handling

Screen shots:

The screenshot displays a 'Student Registration' form on a dark blue background. The form is contained within a lighter blue rounded rectangle. It includes the following fields and elements:

- Full Name:** A text input field with the placeholder 'Enter Full Name'.
- Email:** A text input field with the placeholder 'Enter Email'.
- Mobile Number:** A text input field with the placeholder 'Enter 10 digit mobile number'.
- Password:** A text input field with the placeholder 'Create Password'.
- Confirm Password:** A text input field with the placeholder 'Confirm Password'.
- Course:** A dropdown menu with the placeholder 'Select Course' and a downward arrow.
- Year:** A dropdown menu with the placeholder 'Select Year' and a downward arrow.
- Gender:** Three radio buttons labeled 'Male', 'Female', and 'Other'.
- Terms and Conditions:** A checkbox followed by the text 'I accept the Terms and Conditions'.
- Register Button:** A solid blue button with the text 'Register' in white.
- Login Link:** A link below the button that reads 'Already have an account? Login'.
